1886.

AMERICAN COIN SCALE.

Many of the Coins and Medals offered in this Sale really deserve single descriptions, but following my usual method of offering both Dealers and Collectors special inducements to attend my Sales in person, I have condensed into 400 lots material which could easily have filled 1,000, thus giving all excellent opportunities of acquiring desirable Ancient and Modern Coins in comparatively large quantities and probably at very low rates.

Of the Numismatical Library, it may be said, that beside choice works on the general subject, it contains the principal, latest, and best authorities, especially on Greek and Roman Coinages.

A special edition, embracing only the Numismatic works, will be issued to book dealers and buyers. Unless otherwise stated, all the Coins and Medals are guaranteed genuine and original issues.

Thick paper copies of this Catalogue, neatly priced in red ink, can be obtained immediately after the Sale, at 25 cents each.
